

CURRICULUM VITAE - Ueli SCHIBLER

Personal data:

16. 06. 1947 : Born in Olten, Switzerland
28. 08. 1972 : Married to Monika Stuber
26. 12. 1977 : Birth of our son Manuel
23. 10. 1979 : Birth of our daughter Muriel

Professional Education

- 1967-1972 : Studies in Biology, Biochemistry and Chemistry at the University of Bern.
1972 : Diploma in Biology.
1972-1975 : Thesis work in Prof. R. Weber's laboratory (Department of Cell Biology, Zoological Institute, University of Bern).
1975 : Doctorate in Biology with qualification "Summa cum laude".

Research experience

- 1975-1976 : Postdoctoral fellow in Dr R.P. Perry's laboratory at the Institute for Cancer Research, Fox Chase Center, Philadelphia.
Fellow of the Swiss National Science Foundation.
1977-1978 : Visiting scientist in Dr R.P. Perry's laboratory.
1978-1981 : "Chercheur associé" at the Swiss Institute for Experimental Cancer Research in Epalinges (ISREC) (Switzerland).
1981-1984 : "Chercheur établi" at the same institute.
Since October 1984: Professor at the Molecular Biology Department, University of Geneva, Sciences II, Geneva, Switzerland.

Awards

- April 1983 : Friedrich Miescher Award, together with O. Hagenbüchle (ISREC), of the Swiss Biochemical Society.
November 1986 : Cloëtta Prize, together with W. Schaffner, University of Zürich.

General research interests : Regulation of gene expression

Specific research interests : Molecular basis for tissue-specific gene expression in higher animals.

Editorial boards

- Cell 1989-1992
- EMBO J. 1989-1992
- Genes & Development since 1989
- Mechanisms in Differentiation since 1989
- Techniques 1988-1992
- Biological Chemistry (Hoppe-Seyler) since 1993
- Mechanisms of Development since 1990

Memberships

- European Molecular Biology Organization (EMBO)
- Union des Sociétés suisses de Biologie expérimentale (USGEB/USSBE)
- European Academy of Sciences
- American Association for the Advancement of Science

Consultantships, scientific advisory boards

- 1987 - ... Consultant, Biotechnology of CIBA-GEIGY
- 1988 - ... Scientific Advisory Board, Friedrich Miescher Institute
- 1989 - 1994 "Stiftungsrat" der Hoffmann-La Roche Research Foundation
- 1989 - 1994 "Stiftungsrat", Fondation de la Recherche médicale, "la Tulipe", Genève
- 1990 - 1994 Swiss representative, scientific advisory board of the "Human Frontier Science Program"
- 1991 - ... Scientific advisory board, Institute of Immunology, Basel (president since 1994)
- 1993 - ... Hoppe-Seyler's Zeitschrift für Physiologische Chemie
- 1993 - Member of the Scientific Board of the Swiss National Science Foundation
